Here we have a striking example of the top of the range and reliable Vauxhall Mokka 1.7 CDTi ecoFLEX 16v SE FWD (s/s) 5 door in the eye catching Metallic Blue. Having covered 49,800 miles in its 6 year life, you can be confident that this car is in great condition. There are some great features on this little car, but our personal favourites are its cruise control which means you will stay comfortable even on those long drives, the Bluetooth functionality which means you can control the music from your phone on the car's speakers, the heated colourful leather seat which increases the comfort level of the car in the cold season, the Start/Stop System which automatically shuts off the engine when the vehicle is at rest to cut fuel use and eliminate idle
