Here we have a striking example of the economical and reliable Vauxhall Mokka 1.6 i VVT 16v Exclusiv (s/s) 5 door in the eye catching Grey. Having covered only 48,000 miles in its 7 year life, you can be confident that this car is in great condition. There are some great features on this powerful car, but our personal favourites are its cruise control which means you will stay comfortable even on those long drives, the Bluetooth functionality which means you can control the music from your phone on the car speakers, the HAC, Hill Start Assist Control, which prevents your vehicle from rolling backwards, the DAB radio which allows for a greater choice for you when flicking through stations on your radio, the Start/Stop System which automatically shuts off the engine
